

www.myON.com

We are thrilled to announce the 2014 myON Summer Reading Challenge!

The magic of myON is that you have access to more than 5,000 enhanced digital books while your child is out of school for the summer. We encourage you to read with your child at home during this summer vacation to prevent the “summer slide” and prepare them for the school year ahead!

Help your child discover the magic of reading this summer by logging in to read on myON. Explore tall tales and fun facts in titles such as “Have a Hot Time, Hades!” or “Distance, Area, and Volume”.

Make your summer magical—Read on myON!
